

Crush and grind

The Seppi Star FC multi-purpose head grinds stumps up to 40cm, crushes stones up to 15cm, and destroys roots and cultivates the soil to a depth of 30cm. It also mulches vegetation up to a diameter of 40cm.

Designed for excavators from 15 – 35t and take up to 300hp, the attachment is available in 60, 75 and 100cm widths. The two smaller units are driven by

one hydraulic motor with an oil flow requirement from 120 – 200 litres, the largest by two motors with a requirement from 240 – 400 litres. The Star FC head is priced from £26,878.
